Dear reader...

I write this letter to present my opinion regarding the Microsoft anti-trust case.

I strongly object this deal, I think it was rushed, all because the justice department was busy dealing with the september 11th attacks against the US.

The deal struck between the DOJ and Microsoft doesn't in any way:  
1.punish Microsoft of its previous illegal acts.  
2.restrict future monopolistic behaviour.

Therefore I would love to see a review of the case settlement.

Thanks for your time
